If the banner costs more than \$200 additional authorization must be received.

New Business:

The club voted to accept Stony Sullivan's application for membership.

A question was asked of Dave (KV0S) about the college radio club. 3 Mizzou students were in attendance. It was stated that may be enough to start the club, but more members might be needed to get registered as a club with the college. Dave stated he has been contacted by another SEC school about starting a club. Discussion was held on if there were any radios left from the previous club and activities for the club if it was formed and registered with the college. A visitor to the meeting stated he had been working with a group of students and instructors to form a club also. He and Dave talked after adjournment.

The meeting adjourned at 7:36 PM.

Respectfully Submitted,
