Minutes From the December

Meeting opened at 7PM by Don KM0R Introductions all around. Glad to have Victor (KC0BYE) and Igor (KC0GAX) back with us. Minuets were read and approved. Good news for the Repeater -maybe-. Don and Mac and a couple of others met with the Housing Authority and they were receptive as far as the repeater staying on Paquin Towers. Of course it didn't hurt that Jim McNabb was there helping out.

New business:

There were a few hearty souls that signed up to be net control for the Wednesday evening net which was very much appreciated. Lot of fun to be had and experience to begained which can work out to be handy if YOU are called upon.

Enjoy Ham Radio

Well folks the testing went fantastic at the last session. We now have TWO new Technician class Amateur Radio operators and not only that but we also gained a new GENERAL. Of course he can't give orders but he sure can have more fun being on HF. And adding to the Amateur rolls are; Linda Rowland - Technican Melody Smith - Technican Nathan Smith - General CLAP CLAP YEA YEA WAY TO GO

I was hoping for more at the session but that didn't happen. How do you expect me to buy that new radio if more people don't show up to pay. There will be one more testing session this year so be there and maybe Santa will reward you. The \$10 charge will be the same for next year so I have been told.
