## **VE Corner**

Well everyone has heard about the restructuring of ham radio as we know it. There will be no loss of privileges but we will be losing Technician Plus and

Advanced classes. The classes that will be dropped will not be automatically upgraded but will not lose any privileges, they will retain their current privileges until the upgrade. If there are any questions please let me know and I will try to get you an answer. Remember if you are going to take a test please bring a copy of any CSCE along with the original, a copy of your current license plus current license, a photo ID and \$6.65. Tests are given on the third Monday of the month at the club station.
